EVENT DESCRIPTION

Date	20 March 2023
Author	Ajdin Džananović, Lindov Osman
Institution	University of Sarajevo
Event title	Cargo-Partner Bosnia and Herzegovina Visits Faculty of Traffic and Communication in Sarajevo
Event description:	
A team of Cargo-partner colleagues from Sarajevo (https://www.cargo-partner.com/) visited the Faculty of Traffic and Communications in Sarajevo to hold a presentation to students. This visit was an excellent opportunity for both the company and the students to benefit from exchanging knowledge and expertise in international transport of goods. At the same time, this visit provided a valuable opportunity for the students, to learn about the company and its role in the market of transport and logistics. Cargo-partner is a privately owned full-range info-logistics provider offering a comprehensive portfolio of air, sea, land transport and warehousing services, with special expertise in information technology and supply chain optimization. Employees from Cargo-partner Elma Muharemagić, Sanela Kovac and Admir Meskovic shared their knowledge and experience with the students, providing insight into the world of logistics and its challenges. Overall, the visit to the Faculty of Traffic and Communications in Sarajevo was a mutually beneficial experience for both cargo-partner and the students. The students gained valuable knowledge and insight into the world of logistics, while cargo-partner was able to connect with potential employees and showcase its services to a new audience. During the visit, project team member dr. Alem Čolaković and dr. Adnan Omerhodžić presented the DIGITRANS project in which the Faculty of Traffic and Communications of the University of Sarajevo participates. The importance of this project and the main goals were emphasized. Employees from Cargo-partner confirmed the importance and necessity of the project.
