EVENT DESCRIPTION

Date	9/5/2023
Author	Nebojsa Arsic, Aleksandra Petrovic, Branimir Jaksic
Institution	University of Mitrovica (UPKM)
Event title	UPKM-FTS Open door day
Event description:	
On May 9, 2023 at the Faculty of Technical Sciences of the University in Pristina in Kosovska Mitrovica organized Open door day. The promotional event has taken place in order to promote study programs and laboratories to future students. During this event and the ongoing Erasmus+ projects implemented at the FTS – UPKM have been promoted to the participants. Every year FTS Dean, Vice-deans as well as teaching staff of the FTS especially promote future plans for further modernization of the study programs. This year special focus was put on the DGTRANS and PELMOB Erasmus + projects in this sense. Plans for accreditation new bachelor study program related to transport and traffic engineering with the specific subjects related to transportation of dangers goods as well as modernization bachelor study program in the field of electrical and computer engineering with new and updated courses related to electrical mobility were presented to potential freshmen on order to attract them to enroll FTS. The FTS UPKM teaching and administrative staff as well as students and all interested citizens have participated in the event. Also, all directors of the high schools from the region were present, together with high school graduates and other interested citizens. FTS Dean and vice-deans addressed to attendees in the amphitheater of the FTS and welcomed all participants. After welcome speech all present could visit the FTS laboratories where the laboratory equipment and plans for purchasing equipment within the DGTRANS and PELMOB Erasmus + projects were presented to future students. This occasion also has been used by teaching staff who are part of the project team to familiarize the future students with the possibility for the applying for students internship within DGTRANS and PELMOB project and gaining the practical skills valuable for the labour market demands today. This event has been published on the local TV stations, one of them is available at the following link https://youtu.be/kSrFTkLZ1jk?si=quW7Y_usYrmp1RSn
