Event title	Visit of the High School Students

Event description:

On April 17, 2024 at the Faculty of Technical Sciences of the University in Pristina in Kosovska Mitrovica was organized promotion event for the High School students of the High school of Economics from Dragaš. The promotional event has taken place in order to promote study programs and laboratories to future students. During this event and the ongoing Erasmus+ projects implemented at the FTS – UPKM have been promoted to the participants. Every year FTS Dean, Vice-deans as well as teaching staff of the FTS especially promote current state of affairs related to modernization of the study programs. This year special focus was put on the DGTRANS and PELMOB Erasmus + projects in this sense.

Accreditation of the new bachelor study program related to transport and traffic engineering with the specific subjects related to transportation of dangers goods within DGTRANS project as well as modernization bachelor study program in the field of electrical and computer engineering with new and updated courses related to electrical mobility within PELMOB PROJECT were presented to potential freshmen in order to attract them to enroll FTS.

The FTS UPKM teaching and administrative staff have participated in the event. Also, teaching staff of the high school were present, together with high school graduates and other interested citizens.

FTS Vice-dean Prof. Dr. Bojan Perovic addressed to attendees and welcomed all participants. After welcome speech all participants could visit the FTS laboratories where the laboratory equipment purchased within the DGTRANS and PELMOB Erasmus + projects were presented to future students.

This occasion also has been used by teaching staff who are part of the project team to familiarize the future students with the possibility for the applying for students' internship within DGTRANS and PELMOB project and gaining the practical skills valuable for the labor market demands today.
