Institution	University of Mitrovica, Faculty of technical sciences (FTN)
Event title	Visit of the delegation from the Faculty of Transport and Traffic Engineering at Doboj, UES
Event description:	
As part of ongoing efforts to foster academic collaboration and promote Erasmus+ projects, on April, 2nd a delegation from the Faculty of Transport and Traffic Engineering, Doboj – University of East Sarajevo, visited the Faculty of Technical Sciences in Kosovska Mitrovica, University of Priština, currently seated in Kosovska Mitrovica (UPKM). This significant event marked a new chapter in regional cooperation in higher education. The visit served as an opportunity to exchange experiences, explore joint academic interests, and formalize the collaboration between the two institutions. One of the key outcomes of the visit was the signing of a Memorandum of Cooperation, establishing a formal framework for future joint activities in education, research, and international projects. This partnership aims to strengthen cross-border academic ties, enhance mobility for students and staff, and foster the development of innovative research initiatives. Both faculties recognized the value of building strong, sustainable relationships that contribute to the modernization and internationalization of higher education in the Western Balkans. During this event DGTRANS project was promoted, in which both the University of East Sarajevo (UES) and the University of Priština in Kosovska Mitrovica (UPKM) are proud partners. These initiatives continue to demonstrate the impact of Erasmus+ in building bridges between institutions, encouraging collaboration, and creating new opportunities for academic and professional growth. <i>To learn more about this visit follow the link:</i> https://www.youtube.com/watch?v=Ep_m1yN0fvQ
