Institution	University of Mitrovica, Faculty of technical sciences (FTN)
Event title	Visit of High School Students from Novi Pazar to the Faculty of Technical Sciences
Event description:	
On April, 3rd the Faculty of Technical Sciences, University of Priština in Kosovska Mitrovica, hosted a study visit for high school students from Novi Pazar as part of its efforts to promote academic programs and raise awareness about international cooperation opportunities through the Erasmus+ programme. During the visit, the students were introduced to the faculty's accredited study programs, modern laboratory infrastructure, and key areas of research and development. The event was structured to provide an informative overview of the academic environment and the practical aspects of engineering and technical education. As part of the visit, students had the opportunity to learn about the DGTRANS project, an initiative in which the faculty is actively engaged. Dean prof. dr Jordan Radosavljevic and vice deans provided detailed insights into current and past initiatives, emphasizing the importance of international cooperation and the main aims and results of ongoing international projects. The visit contributed to strengthening ties between secondary and higher education institutions while also supporting the visibility and dissemination of Erasmus+ project results.
